

# Top reasons to work with LV= General Insurance

As one of the UK's largest insurers, we've used our 180 years of experience to craft our home insurance policies to perfection. All to make sure we can have your back, whilst you have your clients.

We know insurance is about more than just helping your clients feel protected. It's also about building trust, service and letting them know we'll be there for them if the time comes.

With a combination of our dedicated team, technical capability and our new and improved products, there's lots of reasons why you should choose us. But to help you make that decision, we've collated **our top reasons why you and your client should say 'yes' to LV= GI.**

## Quick quoting process

We've made it quick and easy for you to get a home insurance quote for your clients. With SmartQuote you can get a quote in just 5 questions.

## Time to complete

Quotes are valid for 180 days, giving plenty of time to complete your client's mortgage or remortgage before starting the policy.

## 12 months at 0% interest

Your clients can spread the cost of their cover over 12 months at 0% interest, making life a little easier.

## Sprung a leak?

We offer up to £5,000 trace and access cover for Gold insurance and up to £10,000 with Platinum cover as standard on our policies.

## A helping hand

To help reduce some of the stress of moving, we will give them 90 days buildings cover from exchange to completion.

## Ready for the unexpected

With up to £1000 home emergency cover as standard, they're protected with both Gold and Platinum cover.

## Non-disclosure risk

Clients no longer have to answer a lot of complex questions – which reduces the risk of non-disclosure, giving you greater peace of mind and potentially fewer claims declined.

## Multi product discount

We'll automatically apply a multi product discount to your client's policy if they have an existing LV= Motor, Landlord or Home insurance policy\*.

## Guaranteed quote

The quote we give your client is guaranteed, providing they can agree to our usual assumptions.
